**Catherine,**

**Hi. This is a mystery.**

**Davey Trees was working on Bulwer Drive on tuesday. Now, on wednesday, Davey Trees is just a few block away on Willow Glen.**

**Any idea what is going on? Is it DWP, Public Works or LAFD? Or just "tree trimmers going wild"?**

thanks for earlier email re save the date. i will forward it to interested parties.

Actually, that might be good news!

The City owns the triangular lot at the intersection; it looks like it's part of the 2600 Woodstock property, but it isn't.

There are two huge dead trees on that knoll, which I asked to be removed.

The arborist (Jon Cespedes) for the crew which came through here and butchered our stuff was someone I cc'd on my request to get those dead trees cut down now before any El Nino might arrive. He responded with venom, which surprised me. I'm not sure if I mentioned that to you. it seems his contract and tree trimming program remains suspended.

Just fyi (while you're up visiting family in Northern California), Davey Trees was back on Willow Glen this thursday morning. I spotted a truck full of cuttings at Willow Glen/Laurel Canyon, but I have no idea where the trimming work was done. The guy was sitting there in the truck when I went by around 9:45 am.

Merry Christmas!
